2. Searching for Courses

After logging in, the list of available courses or course categories is displayed. A search option is also available to find a particular course by providing the course name in the search field. The sample screenshot below shows two listed course categories and the **Search courses** field.

To search a course:

1. Type the course name into the **Search courses** field.
2. Click the **Go** button.

The screenshot shows the Learning Portal interface. The header includes the IRTI logo, the text 'Islamic Research and Training Institute A member of the Islamic Development Bank Group', 'Learning Portal', and a login status 'You are not logged in. (Login)'. The main content area displays a list of courses: 'Islamic Financial System', 'Maqasid Al-Shariah', and 'Principles and Practices of Islamic banking'. A search bar is located below the course list, containing the text 'Search courses: Islamic vision' and a 'Go' button. The 'Go' button is highlighted with a red box. On the left side, there is a 'Main Menu' section with 'Site news' and 'Upcoming Events' (which states 'There are no upcoming events' and 'Go to calendar...'). On the right side, there is a 'Calendar' section for June 2011, showing a grid of dates from Sunday to Saturday.

After clicking the **Go** button, the search results are displayed. In the search result page, you can find the course name and its respective category will be displayed.

1. To launch the course, click the course name that is displayed.
2. To view the courses that are grouped under the respective category, click the **Category** link.

The screenshot displays the Learning Portal interface. At the top, the IRTI logo and name are on the left, 'Learning Portal' is in the center, and a user login status 'Welcome Irti1 student1 (Logout)' is on the right. Below the header, a search bar contains the text 'Islamic vision' with a 'Go' button. The search results section shows 'Search results: 1'. A single result is listed: 'Chapter 12 - Islamic Vision of Development - The Case of IDB'. To the left of this title, a list of teachers is shown: 'Teacher: DR. WAN SULAIMAN B. WAN MUSOFF 501130035427', 'Teacher: NUR ABDI GUDLE A.01032867', 'Teacher: user admin', 'Teacher: irtitcr1 teacher1', 'Teacher: irtitcr2 teacher2', 'Teacher: INSANIAH test', and 'Teacher: test user'. To the right of the title, the category 'Category: Maqasid Al-Shariah' is displayed. Red boxes highlight the course title and the category name. Red arrows point from the text 'Course Name' and 'Category Name' to these highlighted elements. At the bottom, another search bar with 'Islamic vision' and a 'Go' button is visible.

- On clicking the **Click here to launch the activity** link, the corresponding course opens in a separate HTML page. First, you will see a brief visual introduction with background music, which will provide an overview of the key ideas of the course. At the end this introduction, which lasts a few seconds, you will be taken to the first screen of the course automatically. You can also skip this brief introduction screen by clicking the **Skip Intro** button.

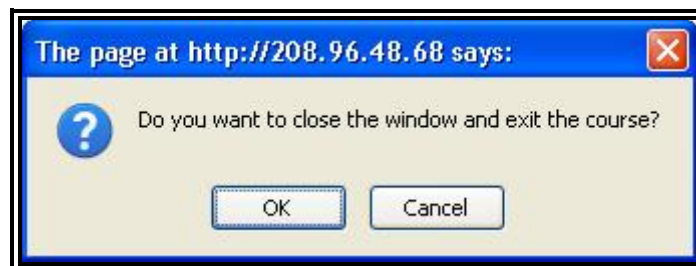

Exiting the Course

1. At any point of time you can exit the course by clicking the **Exit** (X) button placed in the top of the course window.

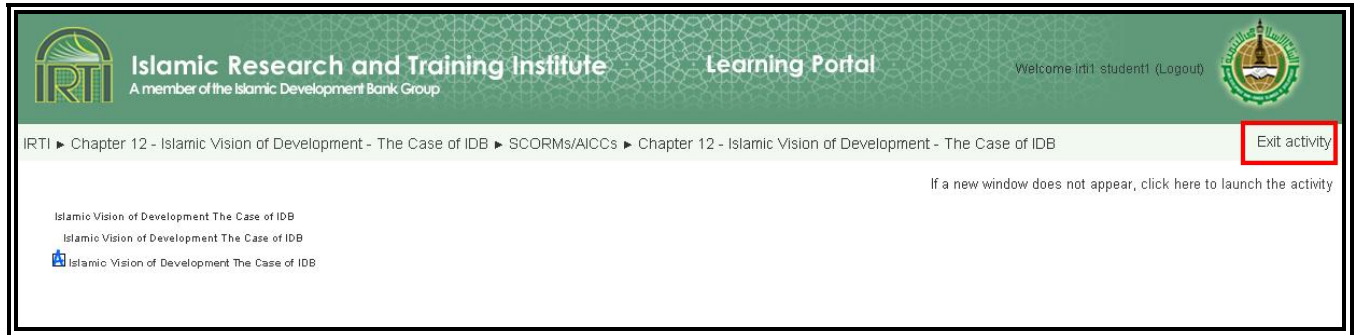

2. When you click the **Exit** button, a pop-up opens and confirms or reconsiders your action. You can click either the **OK** button to exit the course or the **Cancel** button to continue with the course.

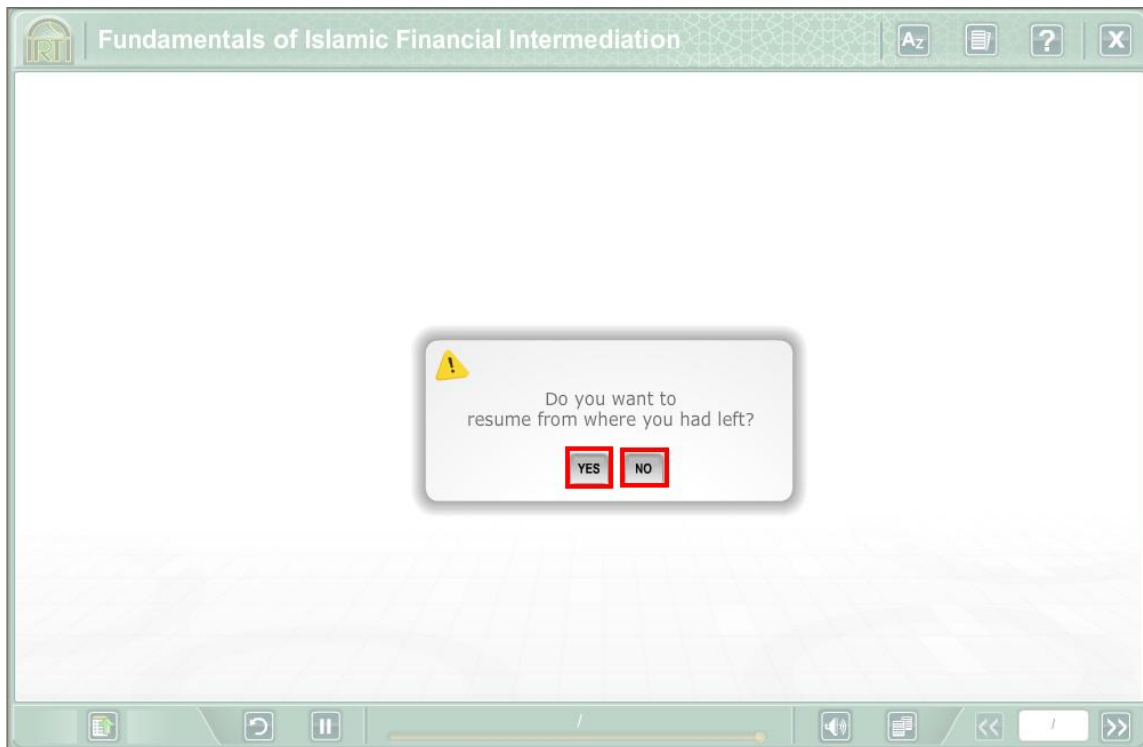

3. In the launch page, click the **Exit activity** link; By doing this task, your current status such as the page you exited from (bookmark) and the time you were engaged in viewing the course are sent to the LMS.

4. If you want to review the same course, from the Course Launch page, you can click the course link or the **Enter** button and follow the same procedure as before to launch the course. Now, before the course launches, a bookmark pop-up will be displayed. You can either resume the course from where you had left or start from the beginning by clicking the **YES** or **NO** button respectively.

4. Launching the Assessment

Note:

Each chapter is having a post assessment which has questions to be answered by the students and based on the students response grades will be provided.

In post assessment, questions are created and stored in question bank

Only the instructor can add or release questions into the question bank, and assign the assessment to a course and to a student and grading the assessment. You can access the assessment only after the instructor releases it for answering to you.

After completing the course, you can assess your understanding of learned content using the Assessment. In the course launch page, you can view the panel called **Course Menu**. In that panel, you can view the corresponding Post-Assessment link of the course.

1. Click the **Post Assessment** link to reach the assessment screen.

The screenshot displays the Learning Portal interface. At the top, the header includes the IRTI logo, the text 'Islamic Research and Training Institute A member of the Islamic Development Bank Group', the title 'Learning Portal', and a user greeting 'Welcome irt1 student1 (Logout)'. The main content area is titled 'IRT1 ► Chapter 12 - Islamic Vision of Development - The Case of IDB'. On the left, a 'Course Menu' sidebar lists: 'Chapter 12 - Islamic Vision of Development - The Case of IDB', 'News forum', 'Post Assessment' (highlighted with a red rectangle), and 'Chapter 12 - Additional Reading'. The central area shows a list of items with checkboxes: 'Chapter 12 - Islamic Vision of Development - The Case of IDB', 'News forum', 'Post Assessment', and 'Chapter 12 - Additional Reading'. The right sidebar contains 'Announcements' (stating 'No news has been posted yet') and 'Recent Activity' (showing activity since Sunday, 19 June 2011, 10:46 PM).

4.1 Question Types in Assessment:

Assessment comprises of the following questions

- a) True / False question: ☐
- b) Essay question:
- c) Multiple choice: ☐

a) True / False Question:

Only two choices for an answer in this kind of question: True or False. The question content can include an image or html code.

When feedback is enabled, the appropriate feedback message is shown to the student after the answer. For example, if the correct answer is "False", but they answer "True" (getting it wrong) then the "True" feedback is shown.

Note that the True/False question type in a Lesson module is quite different. It is effectively the same as the Multiple Choice question type in a Lesson, but with only 2 responses

b) Essay Question:

The essay question type is intended for short answers of a paragraph or two, which one often finds on exams

Question grading

The essay question will not be assigned a grade until it has been reviewed by a teacher and manually graded. Until that happens, the student's grade will be 0.

To grade a student's answer in a quiz, use the manual grading tab on the Results section of the quiz. When manually grading an essay question, the grader is able to enter a custom comment in response to the essay and assign a score for the essay.

c) Multiple choices:

Single-answer questions

These questions allow one and only one answer to be chosen by providing radio buttons next to the answers. You will specify non-negative marks for each answer; usually zero marks for wrong answers, maximum marks for correct answers and partial marks for partially correct answers.

Multiple-answer questions

The teacher can select "multiple answers are allowed" in a Multiple Choice question type. "Multiple answers" questions types in a quiz allow one or more answers to be chosen by providing check boxes next to the answers. Each answer may carry a positive or negative grade, so that choosing ALL the options will not necessarily result in good grade. If the total grade is negative then the total grade for this question will be zero.

Feedback can be associated either with specific answers, or with the question as a whole.

5. Launching the Summary

Each chapter has a summary which concludes the chapter by revising the points that has been covered in the particular chapter.

The chapter summary will be in hidden state for the students and they will not be able to view the summary page. The instructor / teacher will release the summary page for the students after the class room activity gets completed.

6. Exploring the Activity Block

When you select a course, you will be directed to the Course Launch page. In this page, you can view a summary statement about the course. Along with the course summary, you can view the content in various panels on both the sides of the summary.

6.8. Upcoming Events

In the home page, you can find the panel called, **Upcoming Events**. This panel displays the list of new tasks or events, which are assigned to you. You can click the link to complete that particular task or event.

The screenshot displays the Learning Portal interface. The top header includes the IRTI logo, the text 'Islamic Research and Training Institute A member of the Islamic Development Bank Group', 'Learning Portal', and a user welcome message 'Welcome irti1 student1 (Logout)'. The main content area is titled 'Chapter 12 - Islamic Vision of Development - The Case of IDB'. On the left sidebar, there are four main sections: 'People' (with a 'Participants' link), 'Course Menu' (listing 'Chapter 12 - Islamic Vision of Development - The Case of IDB', 'News forum', 'Post Assessment', and 'Chapter 12 - Additional Reading'), 'Control Panel' (with 'Grades' and 'Profile' links), and 'My courses' (listing 'Chapter 12 - Islamic Vision of Development - The Case of IDB' and 'All courses ...'). The central area contains a list of tasks numbered 1 to 10, each with a blue square icon on the right. The right sidebar has three sections: 'Announcements' (stating '(No news has been posted yet)'), 'Recent Activity' (showing activity from Sunday, 19 June 2011, 10:46 PM), and 'Upcoming Events' (stating 'There are no upcoming events' and containing two links, 'Go to calendar...' and 'New Event...', which are enclosed in a red rectangular box).

In addition to the tasks or events, you can also view two links,

- Go to calendar
- New Event

Go to Calendar:

1. The **Go to calendar** link displays the events, which are created by the other students or Administrator.
2. You can also create a new event on clicking the **New Event** button.

4. You can export the new event as a calendar and send the event to other students using the **Export Calendar** button.

The screenshot shows a web interface for managing events. At the top, there's a 'Day View' dropdown set to 'Chapter 1 - An Overview of the Islamic Financial System' and a 'New Event' button. Below this, a navigation bar shows 'Wednesday', 'Thursday, 10 March 2011', and 'Friday'. The main content area displays a calendar grid with a 'test' event on Thursday. Below the grid is an 'Export calendar' button with a sub-label 'iCal'. On the right side, there's an 'Events Key' section with icons for 'Global', 'Course', 'Group', and 'User'. Below that is a 'Monthly View' section showing two calendar grids: 'February 2011' and 'March 2011'. The 'February 2011' grid shows dates from 1 to 28, with the 4th highlighted. The 'March 2011' grid shows dates from 1 to 31, with the 10th highlighted. Below the March grid is a link for 'April 2011'.

5. Click the **Export Calendar** button to export the events. After selecting the desired options, you can share the event with other students either by sharing the corresponding URL or by exporting the calendar.
6. You can share the event details with other student by either sending the corresponding URL link or sending the respective .ics file.
- a. Click the **Get calendar URL** button to get an URL. When you share the URL, other students can view the event details in their browser.

The screenshot shows a dialog box titled 'Export'. It has a section for 'Options' and a section for 'Export'. Under 'Options', there are radio buttons for 'All events', 'Events related to courses', 'This week', 'This month', and 'Recent and next 60 days'. Under 'Export', there are radio buttons for 'All events', 'Events related to courses', 'This week', 'This month', and 'Recent and next 60 days'. Below these options, there's a text area for 'URL for iCalendar export, for subscribing to calendar:' containing a long URL. At the bottom right, there are two buttons: 'Get calendar URL' (highlighted with a red box) and 'Export'.

- b. Click the **Export** button to save the calendar in the **.ics** format. Click the **Save** button to save the calendar.

Now you can send the **.ics** files to other students to view the event details.

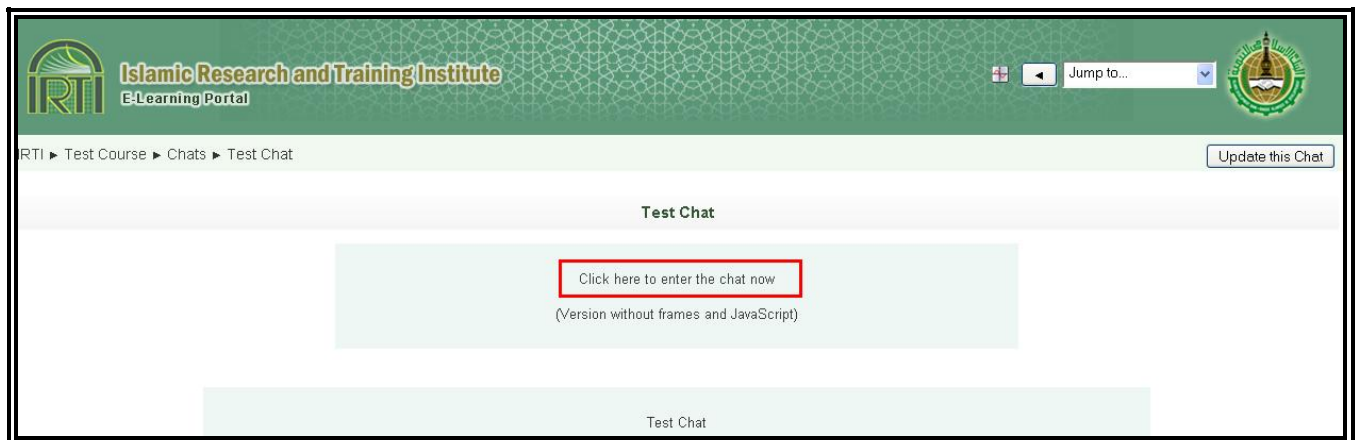

6. Chat:

The **Chat** activity module allows participants to have a real-time synchronous discussion in a Moodle course.

This is a useful way to get a different understanding of each other and the topic being discussed – the mode of using a chat room is quite different from the asynchronous forums. The Chat module contains a number of features for managing and reviewing chat discussions.

Chat session is created by the Instructor and assigned to student. Chat's can be assigned to particular chapter. Chat is a effective way of communicating in the class and a students and instructors can communicate as any other normal chats.

A chat link will look like as shown in the below screenshot

After clicking on the click here to enter the chat now link, a new pop up window opens which shows the other users who has logged in the chat. Messages can be communicated simultaneously between the users and the same is shown below:
